I am writing to request 'Intervenor' status with right to cross-examine in regards to docket number 2011-515-W with respect to all pending matters. The time required will be dependent on evidence presented but will likely not exceed 20 minutes. I can be notified of developments regarding the matter via my email address: frank323@gmail.com

Additionally, I would also like to request a local public hearing in this process considering a trip to Columbia would pose a hardship to both myself and many other residents of the area.

Sincerely,

Frank Coviello
